

Kane Ace™ IM130P

Impact Modifier for Engineering Plastics (PC, PBT, ABS, Alloys)

PRODUCT DESCRIPTION

Kane Ace™ IM130P is an impact modifier based on pure acrylic core-shell rubber particles, providing an excellent balance of impact resistance, modulus and viscosity with an extraordinary good retention of heat distortion temperature.

GENERAL BENEFITS

- Improves the impact performance of engineering plastics, such as polyesters, polyamides and polycarbonate blends at elevated temperatures and at temperatures of 0 °C and below
- Features excellent weatherability, and UV and heat stability that acrylics are well known for
- Particularly suitable for outdoor and light-colored applications

TYPICAL APPLICATIONS

- Automotive components: under-the-hood components, headlight components, door and window hardware
- Electrical components: cabinets, connectors, switches and reflector shells, body panels
- General industry goods: seat shells, office chair components, sports, garden and lawn components

TYPICAL PROPERTIES

Chemical Description	Acrylic Copolymer
Physical Form	fine white powder
Bulk Density	430 - 600 g/l
Volatile Matter Content	≤ 1 %
Particle Size, d50	100 - 260 µm
Impact Strength	high

Note: please be aware that typical properties are approximate reference values. For guaranteed quality specifications, please contact us.

QUALITY CONTROL

Kaneka Belgium NV follows internationally recognized quality management principles. Our valid ISO certificates can be downloaded from our website.

EN ISO 9001: "Quality Management System"

EN ISO 14001: "Environmental Management System"

EN ISO 50001: "Energy Management System"

STORAGE AND HANDLING

Please consult the "**General safety recommendations for the storage and handling of Kane Ace™ powders**" and **Safety Data Sheet** for additional information concerning personal protective measures, safety, health and environmental information.

SHELF LIFE GUARANTEE

On condition that there is taken care about the conditions for storage(*) as these are mentioned in the Safety Data Sheet and on the packaging itself of the Kane Ace™ product, Kane Ace™ IM130P can be maintained in stock, keeping its characteristics, for a period up to three years after delivery date.

(*) Store free, in original package. Store in cool area, do not store near heat sources. Store in dry well-ventilated area, avoid contact with moisture. Protect from light, especially from direct exposure to sunlight.
